

Product 97001018 Set of components for dissipating electrical currents for dissipative VIASOL coating systems

1 General Data

Product description

The VIASOL Grounding Set is used to create grounding points for electrostatic dissipative VIASOL floor coating systems.

The VIASOL Grounding Set contains components for up to 10 grounding points.

Application

For detailed information on the application and use of the VIASOL Grounding Set, please refer to the Installation Guideline.

The position and number of the grounding points to be installed depend on the respective application conditions. A qualified electrician should be consulted for this.

Technical support

For detailed information about technical properties and application of VIASOL products please contact VIACOR Polymer GmbH:

E-Mail: info@viacor.de

Contents

One VIASOL Grounding Set contains following components for installation of up to 10 grounding points:

- 10 Dowel S8x40
- 10 Hexagon nuts M6
- 10 Hexagon nuts M6 self-locking
- 10 Washers Ø 55 mm
- 10 Washers Ø 30 mm
- 10 Hexagon socket screws M6
- 10 Cable lugs
- 10 PVC protective hoses
- 20 Strips of self-adhesive copper tape
- 1 Allen wrench
- 1 SDS drill Ø 8 mm

Disclaimer

All information in this technical data sheet is based on our current knowledge and experience. This does not release the applicator from performing their own tests as many application factors, beyond our control, affect the application of our product. No guarantee of characteristics or suitability for a special purpose can be derived from this information. All present data, descriptions, drawings, photos, ratios, weights etc. are subject to change without prior notice and do not represent contracted characteristics of the product.

Due to different materials, sub-bases and working conditions, no guarantee of an application result or any liability claims can be derived from these details or from an unwritten technical advice except for liability claims based on:

- damage to life, body or health resulting from a negligent violation of obligations or a deliberate or negligent violation of obligation of a legal representative or assistant and

-if we are charged with intention or gross negligence. The user has to test the products for their intended use.

The user is responsible for following existing laws and orders and for observing third party trade mark rights.

As all VIACOR data sheets are updated on a regular basis it is the user's responsibility to obtain the most recent issue (see www.viacor.de or contact us directly).
